*“Our Home
Is Your Home”*

Mission Statement

Our mission is to provide a healthy lifestyle in a safe and caring environment. Our home is your home.

THE GOOD LIFE IS FOUND FOR THOSE WHO HAVE CHOSEN TO LIVE AN UPSCALE RETIREMENT LIFESTYLE IN THE RURAL TOWN OF DRESDEN.

The beautiful town of Dresden offers nearby parks, churches, shops, and historical venues for you to enjoy.

Set beneath the tall evergreens in a quiet established neighborhood, the architecturally inspired renovation of the retirement home provides lounges and a dining area that invites residents to relax and enjoy each other's companionship.

The warmth of the fireplace in the Heritage Dining Room and Lounge adds to the ambiance and comfort in the winter. The temperature is controlled in the summer months to make a comfortable retreat from the hot weather.

Heritage Court provides a scenic, relaxing environment. The beautiful perennial gardens and maturing trees make up a natural, peaceful setting. The expansive verandah is a great place to get a bit of sun, or take a seat in the gazebo and enjoy the picturesque water garden. There are plenty of shade trees and benches to provide an alternate quiet spot to rest or just enjoy the outdoors.

At Your Service

Imagine having someone available 24 hours a day to support you when you need assistance, as well as having a housekeeper, laundress, cook, and gardener. At Heritage Court Retirement Home, we provide for all of your needs. Newspaper delivery and dry cleaning pick up are available on site. Hairdressing and nail care professionals are made available on an as needs basis. A local physician visits every week to deal with immediate health issues. We also have a piano so that musical groups can visit and entertain. Respite care and short-term stay is available.

Activities at Heritage Court include movies, exercise classes, bingo, sing-a-long, musical guests, and choir groups. Residents are encouraged to request other special activities at any time.

The staff supports a quality of life unusual for a senior's residence; away with the traditional institutional setting towards a more independent retirement lifestyle, with emphasis on autonomy and choice.

The cuisine is a highlight. The day begins with a breakfast of choice. There are no table assignments and meals can be shared with the company of choice. A weekly menu is created with input from the residents, as well as a healthy dietary plan. Friends and family are invited to visit at their leisure.

Heritage Court Retirement Home is a family owned and operated business. Along with Glenda and David Pilon (Administrators), the entire Pilon and Briggs families would like to invite you to visit our beautiful facility, and to meet our professional, dedicated staff.
